SUMMARY

The unique design is a "Pod design" consisting of three 580 sq. ft. sixteen sided polygons on a 3/4 acre mini farm. The farm has five different varieties of mature bearing citrus and other tropical trees like Noni. It comes with a small Tilapia pond, a raised chicken coop along with two pastures for the free range chickens to run and feed in. The whole 3/4 acres are fenced and lined with every color of Bougainvillea there is. One of homes is a self-sustained studio apartment with a separate entry, for those long term guests or a rental. The home is laid out in a V shape with the Central Pod being the living room, kitchen and dining room. The other pod is the Master suite with a half bath and a dressing room/shower room. The V shape creates a courtyard that has the pool and addresses the view. More about this unique property: Large 304 sq. ft. utility room and a game room/library/office space of 304 sq. ft. 600 sq. ft. two car garage
